

Kami is your digital pen and paper with all the essential tools to create an engaging learning environment.

The Kami-leon of apps

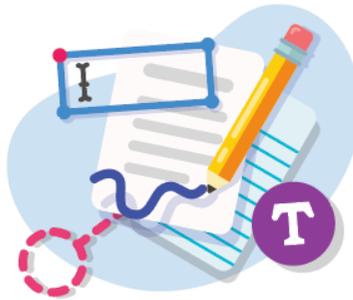

Kami is your go-to learning platform with all the tools you need, in one place!

Turning static documents into rich learning resources has never been easier – bonus, you're not only saving time but trees too.

Learning for all

In or out of the classroom, Kami will enhance learning and drive engagement. Packed with tools to support different abilities, Kami promotes student choice and improves learning outcomes for all.

Create, assign and grade your way

Create a Kami Assignment seamlessly through your integrated Learning Management System and share it class-wide in just a few clicks! Once assigned, you can feedback and collaborate in real-time.

Free forever

Basic Kami tools are completely free of charge and free of ads!

Premium tools

Our Kami teacher plans give you access to a whole heap of rich tools such as LMS integrations, Read Aloud, and Voice Comments.
