2021-2023 IDEA Performance Goals – ARP Supplemental

As a sub-recipient of IDEA funds, each School District/Charter School must establish at least one performance goal for the usage of IDEA funds during the contract period.

According to Pennsylvania’s proposed 2021 IDEA application, the State has provided certain assurances to the Federal government regarding the IDEA funds to be received. In addition, it has established a goal of providing a full educational opportunity to all children with disabilities and a detailed timetable for accomplishing that goal. In support of the assurances given and the established goal, please provide a minimum of one district/charter school level performance goal for the 2021-2022 IDEA funds when you submit your initial sub-recipient documents.
